

I have XM Radio for pure enjoyment and relaxation, to get away from the control of people interrupting my tiime with their negative opinions which are usually wrong. I con't rely on the networks to give factual information to the public, they misinterprit information to give a view of the liberal side only and do not support my views as a conserative, therefore I try to find decent intertainment which I have to pay for to have.Do not be swayed by the National Association of Broadcasters to control the market and stop freedom of speech.
REJECT THE NAB's PETITION 04-160 AND SUPPORT XM's ABILITY TO PROVIDE THE KIND OF PROGRAMMING THAT WE THE PAYING PUBLIC DEMAND AND DESERVE!!!!!!!!!!!!!!!!!!!!!!
